Dear Vladimir and Jirka,

I want to inform you that our group came home successfully. All students and teacher Liuba are full of the best impressions about your hospitality. As I was told , they felt constant care and kindness every day.They liked everything what you and other teachers of your school taught and showed them. They are so deeply impressed of the nice and helpful people who took care of them 3 weeks and fantastic nature of your country and fantastic Old Town of Prague. I do hope they will come back some time again there. I wish myself, because I saw Prague in summer but not the Gold Prague in the autumn.

We greatly appreciate your help for a successful fulfilment of this project and looking forward for further cooperation in other project activities.We would like to meet you in Vilnius.

Thank you so much.

In addition, I would like to ask you to send the original invoice by post (that one which you had sent us by mail).

To the following address:

Vilnius Vocational Education and Training Centre of Technology and Business

Kalvariju str. 159, 08313 Vilnius  
Lithuania

Kind regards,

Violeta
